Appendix B TEST DIRECTORATE COMMENTS ON MILITEC-1

By *Russ Chastain*. MILITEC-1 is Good Stuff

...The claim is that this stuff soaks into the pores of the metal, and from the way it stays on the gun, I believe it...

NORTH AMERICAN HUNTER: PRODUCT TEST REPORT SYNOPSIS

MILITEC-1's USE IN BLACK POWDER

MILITEC AWARDED FOR SERVICE TO MILITARY

SOLDIER OF FORTUNE ARTICLE Sept 2004

Teddy Jacobson, Pistolsmith, Actions by "T" - I have been perfecting my handgun action work for the past 25 years. Very few people, if any, know as much about trigger work as I do. In order to have a glass smooth action, using a superior lubrication is essential...

Captain David G. Ruitter, U.S. Army - I was introduced to MILITEC-1 almost two years ago when in Command of a U.S. Army Basic Combat Training unit at Fort Sill, OK. My Battery began using it there with excellent results.

CAPTAIN RUITTER, U.S. ARMY

Lieutenant Joel Darby - I wish to thank you for the samples of "MILITEC I". My organization does not provide endorsements for products and equipment that we use, but the positive experience I have enjoyed with "MILITEC I"...
